PARTICIPATION STATISTICS & SIOP INFORMATION

Who are we:

SIOP is the only global multidisciplinary society entirely devoted to paediatric and adolescent cancer. The society has over 2000 members in over 110 countries, including doctors, nurses, other health-care professionals, scientists and researchers.

- Our members are dedicated to increasing knowledge about “all aspects” of childhood cancer.
- We are linked to many other oncology healthcare professionals and organizations in both developed and developing countries.
- SIOP's vision is that No child should die of cancer: cure for more, care for all.

53RD CONGRESS OF THE
INTERNATIONAL SOCIETY OF
PAEDIATRIC ONCOLOGY

VIRTUAL CONGRESS
OCTOBER 21-24, 2021

Why Support & Exhibit:

- ❁ SIOP 2021 promotes education about all aspects of Paediatric & Adolescent Oncology to all oncology professionals, parents and survivors of cancer.
- ❁ Our congress represents a unique opportunity to stay up to date in this rapidly moving field and to bring the latest science to bedside.
- ❁ Attendance of over 2,500 multi-disciplinary health care professionals from over 100 countries and hundreds of health care institutes, hospitals, universities and other organizations. These attendees are frequently decision makers at their institutions.
- ❁ SIOP 2021 encourages networking among our membership and attendees at our congress to promote collaborative research, mentor young investigators and offer education opportunities globally.
- ❁ We collaborate with many other specialties and sub-specialties. The range of supportive care and symptom management includes infectious diseases, nutrition, blood products, haemopoietic growth factors, immunodeficiency products, pain management and nausea.

EDUCATIONAL OPPORTUNITIES

Medical education plays an important role in the quality of healthcare delivered across the globe. By providing an educational grant in support of the educational opportunities below, you are making a vital contribution to these efforts and supporting better patient outcomes.

All educational grants are managed in compliance with relevant CME accreditation criteria and industry compliance codes. In order to ensure independence of all CME accredited elements, companies providing grants may not influence the topic, speaker selection, or any other aspect of the content or presentation. No promotional, commercial, or advertising materials may be included in the following opportunities. All support will be disclosed to participants.

Physicians, researchers, scientists and other healthcare professionals are increasingly challenged to maintain their knowledge, skills and abilities within their respective professions.

All grants are managed in compliance with relevant accreditation and industry compliance criteria.

Educational Grant

Grants of any amount, whether for the overall programme or for individual sessions, are appreciated and important to the success of the event.

- Support will be acknowledged in the Industry Support and Exhibition section of the Final Programme, on the event website and in the Mobile App .

Webinar

A webinar is an educational, informative or instructional presentation that is streamlined online as a video. It may take the form of an academic lecture, a live round discussion among healthcare professionals or an informal interview with a panel of experts, among other options.

Participants need to register to the online event in order to participate in the webinar at the agreed day and time. On the date of the webinar, participants can tune in by clicking on a link.

Interactivity in a webinar is achieved by allowing the registered participants to ask questions to the experts. These questions may be sent beforehand (for the experts to prepare their answer) or they may be asked live during the webinar.

The webinar will be recorded and once it has taken place, it will be made available on demand.

Microlearning

A webinar is an educational, informative or instructional presentation that is streamlined online as a video. It may take the form of an academic lecture, a live round discussion among healthcare professionals or an informal interview with a panel of experts, among other options.

Participants need to register to the online event in order to participate in the webinar at the agreed day and time. On the date of the webinar, participants can tune in by clicking on a link.

Interactivity in a webinar is achieved by allowing the registered participants to ask questions to the experts. These questions may be sent beforehand (for the experts to prepare their answer) or they may be asked live during the webinar.

The webinar will be recorded and once it has taken place, it will be made available on demand.

E – Learning course on SIOP Knowledge Centre

(Accredited) e-Learning courses, case-studies, whiteboard animations etc can be developed for a specific topic related to paediatric oncology and can be added to the SIOP Website and/or SIOP Congress website. The experts will be working closely with the Kenes Education team in order to create educationally strong and valuable CME e-Learning modules.

Web Casting

The ability to attend all congress, or alternatively, all congress sessions, is virtually impossible for the busy medical professional. Therefore there is a growing need to share knowledge and learning opportunities

beyond the dates of the actual event and high-quality webcasting helps meet this substantial educational need. Materials are saved locally, but at the same time, can be distributed over the web to viewers around the world via a robust cloud server. Viewers can access the broadcasts using PCs, tablets or smartphones live (as streamed video) or later, on-demand as a webcast. Kenes offers two types of webcasting options*:

Video includes a video screen of the speaker/presenter during the session, PowerPoint slides (in sync with the speaker), and audio

Digital Imaging includes PowerPoint slides with audio

Support will be recognized on the home screen with "Supported by..." and a company logo only

Support will be acknowledged in the Industry Support and Exhibition section, on the event website and mobile application.

Unrestricted Educational Grants of a Scientific Symposia

The Scientific Symposia are led by expert faculty and divided into specialized tracks. These sessions are highly prestigious lectures that attract a large, specialized audience. The complete list of Scientific Symposia dates and topics will be available in the course of 2021 on the SIOP 2021 website.

- Support will be acknowledged in the Industry Support and Exhibition section, on the event website and mobile application.

Unrestricted Educational Grants of a Keynote Lecture

The Keynote Lectures feature compelling presentations by renowned Speaker topics span all areas of paediatric oncology. An up to date list keynote speakers will be available in the course of 2021 on the SIOP 2021

- Support will be acknowledged in the Industry Support and Exhibition section, on the event website and mobile application.

Unrestricted Educational Grants "Young SIOP Network"

The SIOP Young Investigator NETWORK (SIOP-YINET) provides a platform for junior investigators to develop research and scientific skills, facilitating an international research network with other young investigators in paediatric oncology. The SIOP-YINET Educational Day is held annually at the SIOP Congress since 2015 and learning objectives aim to address knowledge and opportunity gaps identified through continual dialogue with Young SIOP Network.

Support the paediatric oncology leaders and decision makers of tomorrow. Support will be acknowledged in the Industry Support and Exhibition section of the Final Programme, on the event website, and in the Mobile App.

Unrestricted Educational Grants of a Meet the Expert Session

Notable experts from all over the world will be invited to address the Congress during the early morning Meet-the-Expert Sessions. These sessions are intended to be smaller, more intimate and more interactive. An up to date listing of Meet the Expert Sessions will be available in the course of 2021 on the SIOP 2021 website.

- 🌸 Support will be acknowledged in the Industry Support and Exhibition section of the Final Programme, on the event website and in the Mobile App .

Mobile App

The Congress App engages attendees with personalized planning tools and real-time event updates. The App transforms smartphones, tablets, and laptops into tools for active congress participation and makes it easy for participants to access congress information to connect with speakers and colleagues. The App includes the scientific programme, abstracts, speaker information, participant lists, the rating/voting system for sessions and speakers, and a personalized scheduler. The App can be downloaded from the Apple App Store and Google Play.

Congress App sponsorship support includes:
